Free Cardiovascular Disease Testing @ Hackley Hospital

Muskegon, MI – The public is invited to attend a free “Cardiovascular Health Day” at Hackley Hospital, Tuesday, February 18, 8:00 a.m. – 4:00 p.m. in the main floor auditorium, 1700 Clinton Street.

There is no fee to attend the forum. Educational opportunities about cardiovascular disease will be available, as well as free carotid doppler scanning, body mass index assessment, smoking cessation, dietician and pharmacist consultations, and more. Also available for a total of \$10 will be glucose, cholesterol, tryglyceride, and HDL/LDL testing with results available while one waits.

Door prizes and refreshments will be available. Reservations appreciated by calling (231)728-4020.
